SUMMARY

React Developer with over 3 years of experience in creating reusable UI components, responsive interfaces, and scalable frontend architectures. Skilled in integrating **REST APIs** and working in **.NET** environments with **relational databases**, collaborating with backend teams to debug and resolve integration issues.

EXPERIENCE

Full-Stack React Developer | .NET

CTF 08/2023 - Present Spain

- Led the frontend development for the migration of a **.NET ERP** to **React**, contributing to the modernization of key business workflows.
- Built and maintained modules for **contracts**, **renewals**, **solvency**, and **user management** utilized in core operations.
- Developed **client-facing** and **internal interfaces** that improved usability across different user roles.
- Integrated **React** applications with **ASP.NET Web API REST** services, collaborating with backend teams to support reliable data flows.
- Created web applications using **React**, **Tailwind CSS**, and **Next.js**, focusing on providing **responsive** and **high-performance** user experiences.
- Utilized **TanStack Query** for **server state management**, **caching**, and **query synchronization**.
- Managed **global client state** with **Zustand**.
- Worked with **SQL databases** to support **data-driven** application features.
- Implemented **unit tests** and **end-to-end tests** with **Jest**, **Vitest**, and **Cypress**.

React Developer

ETPAY 02/2023 - 07/2023 Spain

- Developed **responsive web applications** using **React** and **Bootstrap**.
- Built and maintained **user registration flows** and **landing pages**.
- Implemented **state management** using **Redux** to support a scalable frontend architecture.
- Created **dynamic email templates** and **user-activated automation flows**.
- Worked with **SQL databases** in **data-driven applications**.

EDUCATION

Frontend Web Development

Gamma Tech School

2023

Degree in Biology

University of Salamanca

2014

SKILLS

Frontend

React Next.js React Native

TypeScript JavaScript (ES6+)

TanStack Query (React Query)

Zustand Redux Tailwind CSS

Bootstrap HTML5 CSS3 Vite

Testing

Vitest Testing Library Cypress

Jest

Integration

REST APIs (Axios)

Backend Development

C# .NET / ASP.NET Web API SQL

Node.js
